- ADRIAN, MICHIGAN

THE FRANK STREET ADRIAN SENIOR HIGH SCHOOL

- The simple, functional design of our modern building suggested the approach to be taken in our 1940 Sickle. We have eliminated the class and club write-ups and inserted in their places captions, pictures and names, preferring to review our year graphically and following the modern trend in newspapers and magazines.
- We hope that you like our book. While it is meant to be a memorial to the seniors who have worked hard to produce it, it is published as a dedication to the new building and to all students who were the first to enjoy it.

● BOB WILLIAMS

Bob has been around! While attending thirteen schools in his eleven years of learning, he has found time to become a Sea Scout and to win letters in track, swimming and band. Bob beats the drum in the German band which plays at pep meetings. you recognize him—the tall lad with all the “zip.”

● JEAN LOK

Though Jean gave her hobby as reading, one would never guess it, for she is always out for school activities and adds gaiety to just plain school days. Everyone here is glad for Hillsdale's loss and that a post-grad course will bring Jean back for another year before she enters the University of Michigan.

● JOHN WHALEN

Johnnie came from Montpelier, Ohio, and entered here as a junior. He helped our basketball team in a successful season and is being counted on for duty next year. He has become extremely popular and has that inexplicable “something” Wee Bonnie Baker sings about.

● DOROTHY GILBERT

Dorothy was one of our freshman majorettes this year, and makes twirling her hobby. Her blond, naturally curly hair and sparkling eyes are a familiar sight at all school activities. Dances interest Dorothy most.

● DORIS NICKLOY

This girl from Cleveland has proved herself a most popular, versatile junior. Although Doris plans to enter journalism after graduation, her school activities have been along other lines. During the swim-demonstration Doris gave exhibitions of diving, and she has played basketball during the intramural season. She is active in Forensic and debate work.

● DICK DENNIS

“Mickey” came to us from Milan and quickly established himself here as a fellow who was one grand sport. One of the stars of our football team this year, he's an up-and-coming lad of the class of '40. After graduation Mickey plans to enter a Ford trade school and to gain a master's degree in aeronautical engineering.

● MARILYN COOK

“Cookie,” a most democratic girl, has a smile for everyone. Coming from St. Joseph's Academy, she entered as a freshman this year. Marilyn's hobby is collecting popular music and she enjoys all sorts of school activities.

● MARK GILBERT

Mark is that shy, bashful boy with curly hair and blue eyes. He entered from Onsted as a junior. Although he still lives in Onsted, he comes in for almost every school activity. Most of all he enjoys watching a basketball game.

● *"Art is long and time is fleeting."*

One of the groups that does the most and says the least about it is the art group. These students have a hand in every school activity.

● *Actors everyone!*

The Social Science students entertain at assembly.

● $2 \text{H}_2\text{SO}_3 + \text{O}_2 \rightarrow 2 \text{H}_2\text{SO}_4$

Laboratory work is of great importance in the study of Chemistry and Physics.

The varied activities of the Future Farmers brought them first honors in the State Best Chapter Contest for the school year of 1938-39, and honorable mention in the national contest. Here you see them judging corn samples, treating seed, and studying individual projects. No other high school group carries through so active a program.

THE SICKLE STAFF

expresses its sincere appreciation to those teachers, students and townspeople who have helped in the publishing of this annual.

Betsy Hancock

THE MAPLE LEAF STAFF

deserves real praise for the admirable piece of work it does on our school paper. 1938-39 brought another first international rating from Quill and Scroll, the international honorary society for high school newspapers.

HOME ECONOMICS

● *Preparing Dinner*

All phases of homemaking are covered by the three courses offered.

● *Success?*

Study of table service and etiquette makes our home economics girls good hostesses.

● *Not Too Much Salt*

The new kitchen units allow two groups to work on "Foods" at the same time.

● *Girls! Have You Heard?*

Modern sewing courses allow the girls to plan and work out personal wardrobe problems.

Margaret Thompson

INTRAMURALS

● Up and Over—But Where's the Ball?

Eight volley ball teams were playing this year.

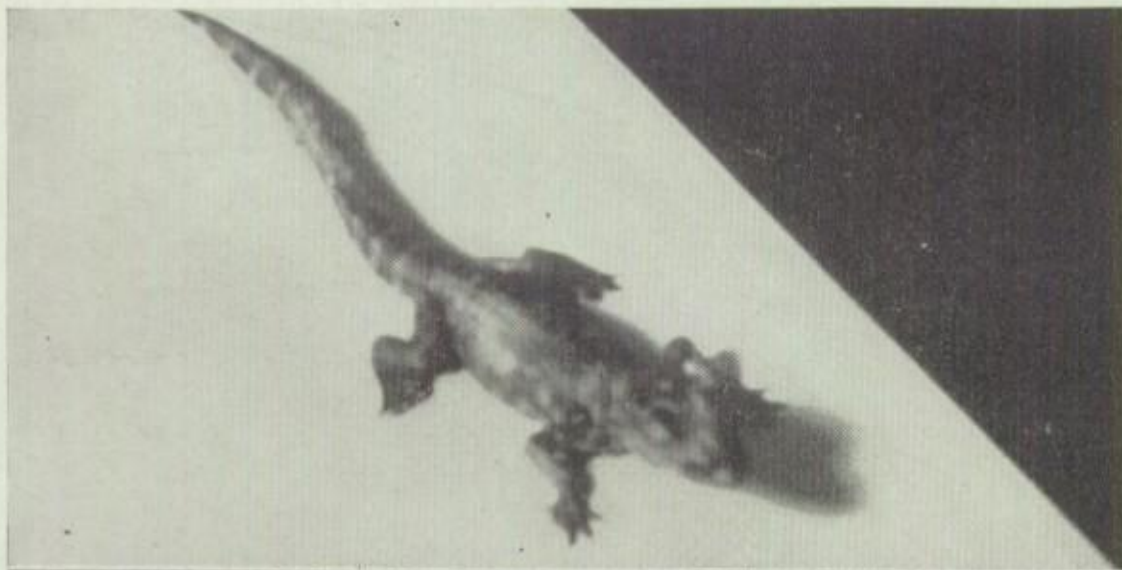

Betty Longham
#1

● The size of these groups gives evidence that the intramural program has expanded rapidly in three years. Included in the program are:

Volley
Shuffle hockey
Basketball
Badminton
Softball
Tennis
Swimming
Archery

● Goal!

The girls were playing hockey when we came upon them. They've paused to give you this picture.

IT'S ALL IN

● *Horace, the Hermit*

This perfect biological specimen has survived in spite of students.

● *asdf jkl;*

More and more students are realizing the value of typing for personal as well as for commercial work.

● *"In a way — our national debt amounts to —"*

● *What's the name of that book?*

The card catalog makes books and reference materials readily accessible for class assignments.

● *Neck and ears?*

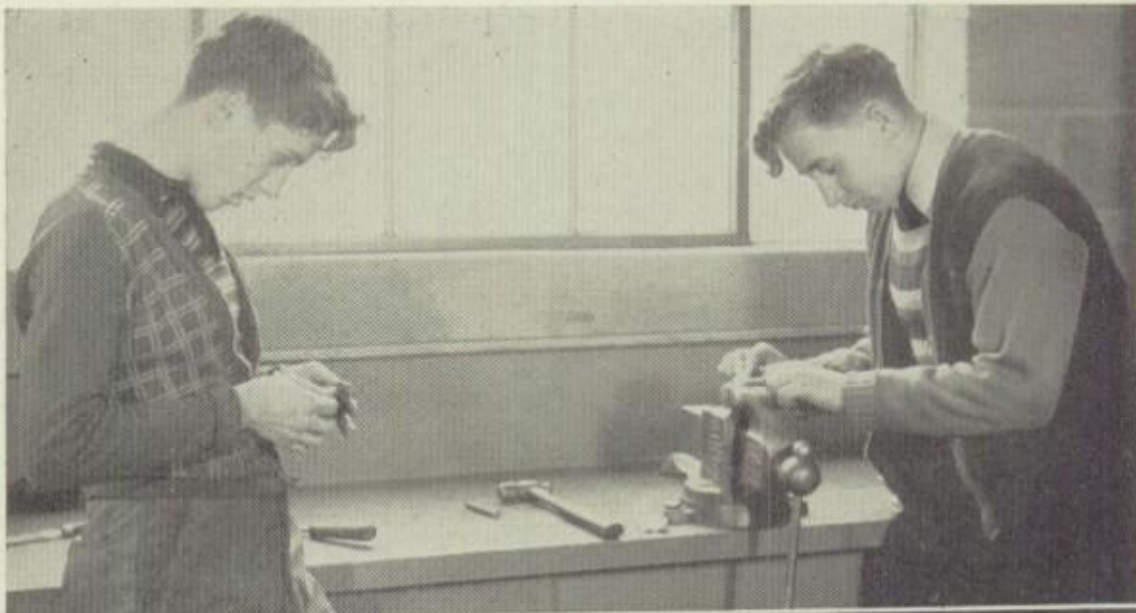

Shops are provided with equipment for washing up after a session with grease.

A DAY'S WORK

● *Tighten it up!*

Students interested in vocational training find modern facilities in Metal, Machine, and Auto Shops.

● *Wheels go round and round.*

Lathe work forms an important part of machine training in Mr. Warren's room.

● *Carburetor? Or maybe pistons?*

Could be spark plugs!

● *What's wrong, Mr. Stroebe!*

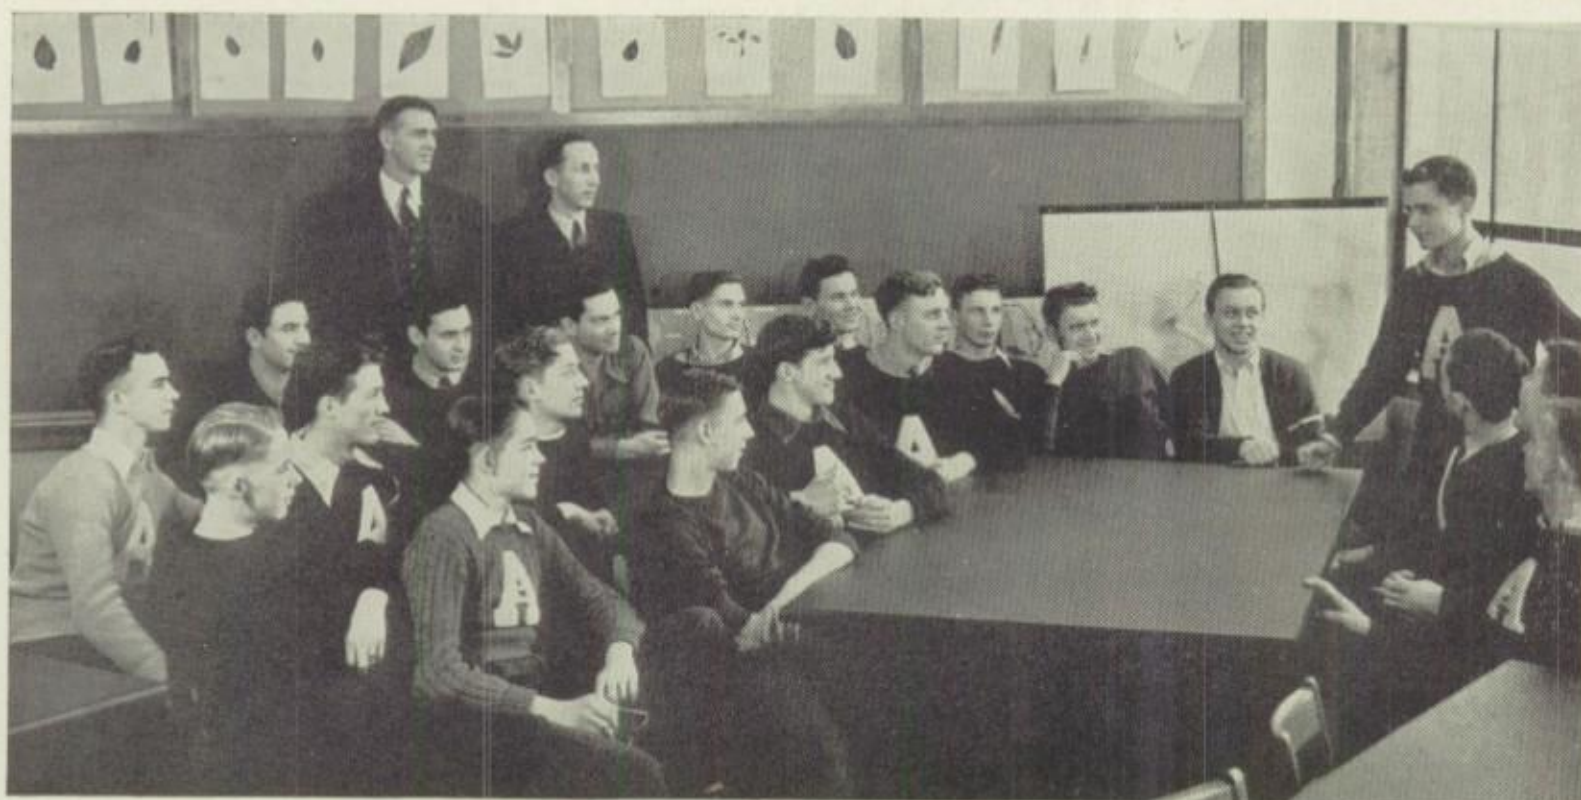

Inspection and individual assistance aid students to become better craftsmen.

● *Cars are serviced by Auto Mechanics boys under Mr. Overholt's supervision, as long as the work is educational.*

- "DEKE" BAILEY was elected football captain for the fall of '39, but when his leg was broken, Bob Lake acted as captain in his place.

Art Kelly

- KELLY has twice received conference rating. Others who received rating this year were Eaton, Snyder, and Dennis.

FOOTBALL

SCORES OF THE 1939 SEASON

	Opponents	Adrian
Blissfield	0	14
Marshall	2	6
Sturgis	39	0
Albion	40	0
East Lansing	6	0
Coldwater	7	13
Hillsdale	7	12
Monroe	61	14
Morenci	14	14

Adrian and Monroe High Schools have held annual matches in football since 1896. Last year, we had won seventeen, Monroe sixteen. Monroe's score tied the games. Next year is our crucial point. Our boys have shown a fine improvement in teamwork and morale this year. There is every reason to hope that next year's game will go to Adrian. Let's all get out there and push that 1940 season.

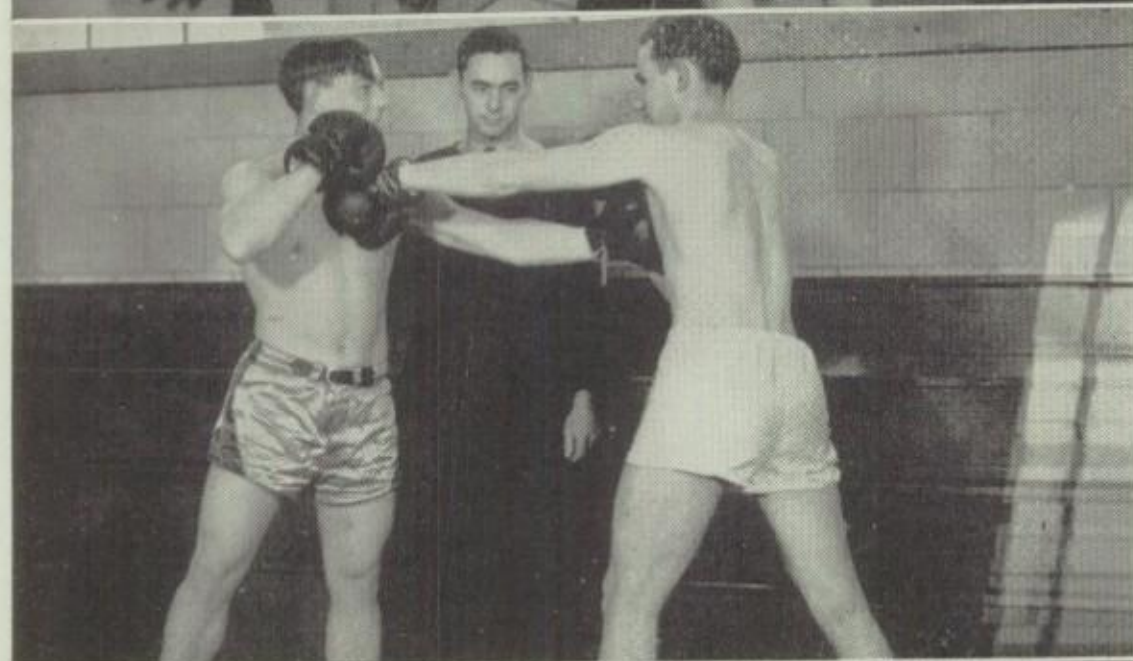

INTRAMURALS

BASKETBALL

- *Toss the ball, Snyder!*

Intramural program allows many boys to learn the fundamentals of basketball, and allows boys ineligible for varsity squad to play.

BOXING

- *Don't pull your punches, boys.*

Boxing is a good sport for developing body, character, and sportsmanship.

VOLLEY BALL

- *Allah be praised!*

Volley ball is the most purely recreational sport of the intramural program. It is one which girls and boys can play together.

BOWLING

- *Front row: McKimmey, Strong, Smith*

Back row: File, Parker, Hines, Kiest, Sywassink, Gauss, Beauchamp, Collins, Gettus, Daniels.

The happy smiles indicate that bowling is a pleasant sport.

- Mr. Thorn tests for bacteria in the new swimming pool. This is but one of a number of tests made regularly to insure healthful conditions to our students.

- *"Men may come, and men may go, but I go on forever."*

Few people can remember when Abraham Lincoln did not look down upon the passing classes of our high school.

- *Attention, all classrooms!*

Our new public address system allows direct communication between the office and all class rooms. Contact can be made with individual rooms, or announcements may be made to all rooms simultaneously. This year a panel discussion was broadcast by the vocational students for a department assembly. Speech classes use the P. A. for training in the use of the microphone.

- *Studying? My, My!*

In addition to the central library in the study hall, each department has a library of outside reading books and reference material which may be used during the class period.

● *It's clear!*

Chemistry students conduct laboratory experiments as a supplement to classroom work.

● *Madame X is used in Biology to show more clearly the physiological aspects of the human body.*

● *Confucius say:*

"Man who hold fountain gets drink last."

● *We'd rather lead a band.*

● *Trophies representing basketball, track, boxing.*

In the last year Adrian High has shown a definite up-turn in all sports.

SCHOOL CALENDAR

News and Advertising

- News that gives you facts clearly, accurately, truthfully. A concentrated digest covering a complete picture of the local, national and world news every day.
- Advertising that makes it fun to shop . . . that saves you hours of needless, tiresome hunting; and saves you disappointments, too. A help in finding what you want, where you want it, and at a price you want to pay.
